Dr. Oetker Polska Sp. z o.o. is working with Lighthouse Consultants since September 2005.

The months working together have proved a very high competence level from Lighthouse staff and a professional attitude is standard when working within the briefed projects, as well as ad-hoc PR queries.

All PR recommendations and their later implementation have always been on time and with received by our department with satisfaction. The proof of the good work done by Lighthouse is always seen in the high number of articles in the press.

Our co-operation with the agency is based on a strong partnership and confidence at all stages, thus I can truly recommend Lighthouse Consultants to any other Company.

Faithfully yours,

Piotr Bobrycki
