Dear Mr Plocharski,

As ENDESA's Communications Manager for the Europe Electricity Business I am pleased to express my full satisfaction with the work carried out by Lighthouse Consultants for our Company in Warsaw in October last year. I would particularly highlight:

- the organisation of the press conference attended by the Warsaw press and various Spanish media representatives.
- the organisation of the reception held for Polish business and society members.
- the visit to Warsaw organised for the Spanish press.
- the visit to the Bialystok power station.

(The Agency responsibility included: booking of a place for an event, all the settlements with BCC, booking of the subcontractors and all the settlements with them, design and production of scenography, design and production of the invitations and press kits, media list work out, sending invitations to the journalists, confirmation of invited guests and journalists presence, preparation of the gifts for guests, arrangements of the place for the event, post event report).

I would also like to thank members of the Lighthouse Consultants team for their attention and support in the roll-out of these events.

Yours sincerely,

Antonio Torv Jordn
Communications Manager for the
Europe Electricity Business
